Thoracic belt included with each T-Sens Module.

Fields of use

- Ergonomics
- Prevention
- Research
- Workplace analysis
- Sport
- and more...

Applications

- Strain measurement
- Hardness analysis
- Performances

Ref.: C2030

Sensor specifications

Number of channels	1
Calibration	N/A
Unit	BPM
Measuring range	10 – 220 BPM
Frequency	16Hz
Accuracy	1 BPM
Compatibility	Non coded Polar or equivalent

Electrical specifications

Power supply	Li-Ion battery - 150mAh
Battery life	8hrs
Recharging time	3hrs

Mechanical specifications

T-Sens Dimensions	52mm x 25mm x 14mm 2" x 1" x 0.5"
Belt size	M to XXL
T-Sens Weight	20g / 0.7 oz

Operating conditions

T°	0°C to 40°C / 32°F to 104°F
Humidity	< 60%
